

Central Tennessee Bass Club Tournament Rules

1. Tournament format:

Partner Tournament / Individual points

All tournaments will start with a draw to match boater and non-boater as necessary until all non boaters are paired and then remaining boaters may partner up or fish alone for the tournament. The winner of the individual tournament is the boat who has the best 5 fish collectively between the two anglers. The prize money will be split 50/50 between each angler regardless of the ratio of fish caught that day. Additionally, each angler in the boat will weigh his/her fish individually to establish the anglers' personal weight for points.

Payout would be as follows after \$5 (20%) from each registration going to the classic and \$5 (20%) going to big fish pot:

1. **1 – 5 Boats**
 - § 100% 1st place
 - § 100% Big Fish
2. **6 – 10 Boats**
 - § 60% 1st place
 - § 40% 2nd place
 - § 100% Big Fish
3. **11+ Boats**
 - § 50% 1st place
 - § 30% 2nd place
 - § 20% 3rd place
 - § 100% Big Fish

2. Tournaments:

Guest participants may fish with the club one (1) time per calendar year on either a paying or non-paying basis. Paying guests will be eligible to win tournament prize money.

3. Entry Fees:

The entry fee for each tournament must be received on or before the day of the pre-tournament meeting. Co-anglers may make arrangements for payment with the tournament director up to the day before the tournament only if an open boat exists.

4. Breakdown of the entry fee

is as follows: \$15 for tournament, \$5 for big bass, and \$5 toward the Classic. Entry Fees are non-refundable except under special circumstances at the discretion of the Tournament Director.

5. Late entries:

No late entries by boaters

6. Safety:

Safe boating conduct must be observed at all times by tournament competitors. Each tournament participant must wear a Coast Guard approved life preserver properly fastened anytime his boat is underway by its main source of propulsion. Tournament officials have the right to delay or cancel the start of an official tournament day because of the weather or other factors that would endanger the safety of the competitors. Tournament waters may also be restricted at any time because of bad weather.

7. Sportsmanship:

Competitors in the tournament are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any infraction of these fundamental sporting principles may be deemed cause for disqualification. Maximum courtesy must be practiced at all times, especially in regard to boating and angling in the vicinity of non-competitors who may be on tournament waters. Any act of a competitor which reflects unfavorably on the club's effort to promote fisheries conservation, clean waters and courtesy shall be reason for disqualification. Fishing is permitted anywhere on the tournament waters, except within fifty (50) yards of another contestant's anchored boat.

8. Tackle and Equipment:

Only artificial lures may be used. No "live bait" or "prepared bait" will be permitted, with the exception of pork strips, rinds, etc. Only one casting, spinning or spin-casting rod and reel may be used at any one time. All other types are prohibited. Other rigs as specified above may be in the boat, ready for use; however, only one is permitted in use at any given time. All bass must be caught live and in a conventional sporting manner. Snagging or snatching of bass on spawning beds is prohibited. The use of grippers in landing bass is prohibited. Landing of bass with a dip net is permitted.

9. Boat and motor:

Every boat must have all required Coast Guard safety equipment. For the safety of all contestants, all boats must be equipped with some type of operable kill switch. The kill switch device must be attached to the driver's body anytime the combustion engine is in operation. All boats must be equipped with an operable aerated live well. Trolling as a means of fishing is prohibited.

10. Boat operation and expense:

A full discussion should be held between the two partners prior to a morning departure as to the schedule of boat operation. This schedule should permit each partner equal time; so as to afford each partner the opportunity to fish his selected waters an equal number of hours. Expenses are to be shared by payment of the official split fee to boater by non-boater. The non-boater that is drawn to fish with a boater is responsible to pay split fee, regardless of whether he participates or not.

11. Contestants Must Remain in Boat:

Contestants must remain in the boat to fish or land fish. Boats must remain in tournament waters during tournament days. Contestants must leave and return to official checkpoint by boat. Both competitors must remain in boat at all times except in case of an emergency. In such an emergency, competitors may be removed from their boat to a boat operated by other competitors or a rescue boat. A competitor's catch may be weighed in case of a breakdown by another member with the tournament committee's approval; however, no late weigh-ins will be allowed.

12. Official Checkpoint:

There shall be only one official point for check-out in the morning, and check-in in the afternoon, and this point will be designated at the tournament briefing. At the time of check-out, all competitors and their boats shall be in conformance with all the rules set forth by the Tournament Committee; at check-in, all boats shall proceed immediately to the designated weigh-in area.

13. Late fisherman:

It will be each partner's responsibility to have his partner at the point of take-off. If, for some reason or emergency, a contestant's partner does not show up within thirty (30) minutes, the non-boater will fish with the last boat drawn during pairings.

14. Scoring:

See scoring point sheet and payout schedule. Only largemouth, spotted, red-eye or smallmouth bass will be weighed. The limit shall be five (5) of the above species and varieties per day. All fish must be at least twelve (12) inches in length. All competitors are bound by the prevailing statutes and regulations of the various states within which they fish. A "Golden Rule" will be available for

measuring fish at weigh in. Fish must be measured prior to the official weighing. The Tournament Director shall make any required species determination.
